Exclusions (PIRL Data Element 923)**

Attachment II – Table A
Exclusions – Apply To All Participants In Title I Adult, Title I Dislocated Worker, Title II AEFLA, Title III Employment Service, and Title IV VR Programs
<ul style="list-style-type: none"> ▪ The participant exits the program because the participant has become incarcerated in a correctional institution or has become a resident of an institution or facility providing 24-hour support such as a hospital or treatment center during the course of receiving services as a participant. ▪ The participant exits the program because of medical treatment and that treatment is expected to last longer than 90 days and precludes entry into unsubsidized employment or continued participation in the program. ▪ The participant is deceased. ▪ The participant exits the program because the participant is a member of the National Guard or other reserve military unit of the armed forces and is called to active duty for at least 90 days. ▪ The participant, who was determined to be eligible for program services, is later determined not to have met the program’s eligibility criteria. This exclusion applies only to the VR program, in which participant eligibility is routinely revisited during the participation period. For example, in the VR program, an individual may be presumptively eligible in accordance with program regulations and later the individual is found to be too severely disabled to benefit from VR services. As another example, a participant may decide, after receiving some services, to pursue sheltered employment. Because an individual must pursue an employment outcome, and sheltered employment does not meet the definition of an employment outcome for purposes of the VR program, this individual would be determined to be no longer eligible for the VR program. For titles I, II, and III, program eligibility is determined at the time an individual becomes a participant and such eligibility is not revisited during the individual’s participation in the program.
